**Question 2.2**

Do all the candidates that we propose for the required profiles already need to have a security clearance certificate?

**Answer 2.2**

At this stage it is not a requirement. For the implementation phase the personnel of the contractor is obliged to hold a security clearance as stated in Section 5 of the Guide for candidates.

*“All personnel of the successful tenderer working in the eu-LISA premises shall hold a positive security clearance at least at EU Secret level issued by a National Security Authority prior to providing services under the framework contract.”*

Also please refer to Section 3.6.6 of the Service Requirements (Annex IV).

**Question 2.3**

Can subco's that we used for the RFI phase, be excluded in the RFP phase (- if not required for the selection criteria)?

### **Answer 2.3**

The question includes several abbreviations, which has a negative impact on the clarity of the sentence.

In case you mean if you can change in phase 2 of the call for tenders subcontractors you proposed in phase 1, please refer to Answer 1.15.

### **Question 2.4**

Following the answer to clarification question 1.13 regarding 'Biometric functions' , would it be possible to provide an updated version of the Guide for candidates, including an adjusted description of a Large IT system?

### **Answer 2.4**

We have not amended the Guide for candidates through Answer 1.13, just clarified. Please note also that the questions and answers are integral part of the procurement documents.
